1. Identification

1.1. Product identifier
Product Identity           Mouse Interferon Beta
Alternate Names           Product No. 12400

1.2. Relevant identified uses of the substance or mixture and uses advised against
Intended Use / Application Method        See Technical Data Sheet.

1.3. Details of the supplier of the safety data sheet
Company Name           PBL Assay Science
                        131 W Ethel Road Suite 6
                        Piscataway, NJ 08854 USA
Customer Service: PBL Assay Science        Phone: 1 (732) 777 9123
                        Fax: 1 (732) 777 9141

2. Hazard(s) identification

2.1. Classification of the substance or mixture
No applicable GHS categories.

2.2. Label elements
No applicable GHS categories.

[Prevention]:
No GHS prevention statements

[Response]:
No GHS response statements

[Storage]:
No GHS storage statements

[Disposal]:
No GHS disposal statements

3. Composition/information on ingredients

There are no ingredients in this product which are classified as hazardous, and/or no hazardous ingredients above the GHS cut off percentage.

4. First aid measures

4.1. Description of first aid measures
General           In all cases of doubt, or when symptoms persist, seek medical attention.
                                Never give anything by mouth to an unconscious person.
4.2. Most important symptoms and effects, both acute and delayed

**Overview**
- **Inhalation:** Lung irritants.
- **Skin Contact:** May be skin irritants and non-sensitizers. Skin inflammation is characterized by itching, reddening, and occasional blistering.
- **Eye Contact:** Eye irritants.
- **Ingestion:** Can cause nausea and vomiting.

5. Fire-fighting measures

5.1. Extinguishing media
- **Small Fire:** Use DRY chemical powder. **Large fire:** Use water spray, fog or foam. Do not use water jet.

5.2. Special hazards arising from the substance or mixture
- **Hazardous decomposition:** Toxic Fumes

5.3. Advice for fire-fighters
- Use an approved/certified respirator or equivalent. Use protective clothing to avoid contact with skin and eyes.
- Cool closed containers exposed to fire by spraying them with water. Do not allow run off water and contaminants from fire fighting to enter drains or water ways.

**ERG Guide No.** ----

6. Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures
- Remove sources of ignition, do not turn lights or unprotected electrical equipment on or off. In case of a major spill or spillage in a confined space evacuate the area and check that solvent vapor levels are below the Lower Explosive Limit before re-entering.

6.2. Environmental precautions
- Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

6.3. Methods and material for containment and cleaning up
- While wearing safety gloves absorb material with paper towels and place in waste disposal container. Finish cleaning by spreading water on the contaminated surface and allow the water to evacuate through the sanitary system. If necessary, repeat again with additional paper towels and place in waste disposal container.
7. Handling and storage

7.1. Precautions for safe handling
Handling: Avoid contact with skin and eyes, and avoid ingestion.

7.2. Conditions for safe storage, including any incompatibilities
Storage: Refer to the storage temperatures indicated in the protocol. It is recommended to use original containers for storage.
Intended Use: Refer to the protocol supplied for proper use. If questions arise please contact info@pblassaysci.com
Packaging materials: Use original containers.
Incompatible materials: May be incompatible with strong oxidizing agents.

7.3. Specific end use(s)
No data available.

8. Exposure controls and personal protection

There are no ingredients in this product which are classified as hazardous, and/or no hazardous ingredients above the GHS cut off percentage.

8.2. Exposure controls
Respiratory Use a respirator approved for pure Sodium Azide in powder form (no Sodium Azide in product).
Eyes Protective safety glasses recommended
Skin A lab coat should be worn. Safety gloves are recommended to prevent skin contact.
Engineering Controls Provide adequate ventilation. Where reasonably practicable this should be achieved by the use of local exhaust ventilation and good general extraction. If these are not sufficient to maintain concentrations of particulates and any vapor below occupational exposure limits suitable respiratory protection must be worn.
Other Work Practices Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet. Promptly remove soiled clothing and wash thoroughly before reuse.

9.2. Other information
May be frozen or in liquid state depending on storage conditions. The color may change with change in pH. Neat serum may have a brownish tinge.

10. Stability and reactivity

10.1. Reactivity
Hazardous Polymerization will not occur.

10.2. Chemical stability
Stable under normal circumstances.

10.3. Possibility of hazardous reactions
No data available.

10.4. Conditions to avoid
Avoid extreme temperatures.

10.5. Incompatible materials
May be incompatible with strong oxidizing agents.

10.6. Hazardous decomposition products
Toxic Fumes

11. Toxicological information

There are no ingredients in this product which are classified as hazardous, and/or no hazardous ingredients above the GHS cut off percentage.

Note: When no route specific LD50 data is available for an acute toxin, the converted acute toxicity point estimate was used in the calculation of the product's ATE (Acute Toxicity Estimate).

12. Ecological information

12.1. Toxicity
No additional information provided for this product. See Section 3 for chemical specific data.

Aquatic Ecotoxicity
There are no ingredients in this product which are classified as hazardous, and/or no hazardous ingredients above the GHS cut off percentage.

12.2. Persistence and degradability
There is no data available on the preparation itself.

12.3. Bioaccumulative potential
Not Measured

12.4. Mobility in soil
No data available.

12.5. Results of PBT and vPvB assessment
This product contains no PBT/vPvB chemicals.

12.6. Other adverse effects
No data available.

13. Disposal considerations

13.1. Waste treatment methods
Observe all federal, state and local regulations when disposing of this substance.
14. Transport information
